Chili Bar Project Development (NOTE: This item needs to be at 3:00 on 4/26)

- 1) Initial Scouting – outcomes, needs
- 2) Define Project Area
- 3) Project units and phases for implementation
 - a. Fire Safe council
 - b. BLM
 - c. Forest Service
 - FS is likely 3 years out on most of our implementation if we start to plan a project now. There may be some areas we can get to before that but we need to address California red-legged frog, owls, Archeology sensitive plants and noxious weeds.
 - Western Georgetown is on the 5 year plan for timber fuels targets

4) How does and what does project development through SOFAR mean and what is the strategy for that?

General Information

Process Agreements on Participation

The purpose of this committee is to develop detailed technical information as proposals for the full Collaborative to consider so continuity of participation is critical. All meetings are open, and everyone is welcome. However, new or visiting participants are asked to respect the discussion history and recognize that the facilitator or a committee member may request to discuss a question or issue at the break or after the meeting if the committee has already covered this subject matter. The committee may also request that the issue be discussed as part of the full Collaborative meeting. Thank you for your understanding on this issue because building consensus with widespread support is critical to SOFAR success.

Landscape Vision Committee Purpose and Products

Goal – Develop draft landscape vision strategy for the SOFAR collaborative to consider and adopt.

Landscape Products
