3:45	Review Action Items and Next Steps Next Committee Meeting: Nov 22 – probably need to reschedule

General Information

Process Agreements on Participation

The purpose of this committee is to develop detailed technical information as proposals for the full Collaborative to consider so continuity of participation is critical. All meetings are open, and everyone is welcome. However, new or visiting participants are asked to respect the discussion history and recognize that the facilitator or a committee member may request to discuss a question or issue at the break or after the meeting if the committee has already covered this

subject matter. The committee may also request that the issue be discussed as part of the full Collaborative meeting. Thank you for your understanding on this issue because building consensus with widespread support is critical to SOFAR success.

Landscape Vision Committee Purpose and Products

Goal – Develop draft landscape vision strategy for the SOFAR collaborative to consider and adopt.

Landscape Products

- Desired Condition Characteristics (*underway*)
- Matching Desired Conditions to Zones (*underway*)
- Map Zones of Existing Conditions (*underway*)
- GIS of Current Conditions -- Existing or Recent Projects across the Landscape (*underway*)
- Fire Risk Modeling

Other Sub-Groups

- Spatial Sub-Group: Fuel Break Mapping
- Wildfire Response: Identifying roads, ingress/egress

Agenda Item Tracking

This is a list of items that the group is tracking for discussion, which will go on the agenda when ready.

- Discuss detailed information of General Sherman area in November or soon thereafter
- Discuss current assessment of communities' fire readiness status
