Draft Watershed Projects Form

Watershed Projects Form

Information on this form is being collected to inventory and manage a countywide database of watershed projects that are in various stages of planning, permitting, and/or implementation. We will use this information to develop a project inventory and GIS database that catalogs the project information, generates reports and maps using a variety of query options, and readily enables periodic updates from the project sponsors. One of the purposes of an integrated database is to establish a central clearinghouse of projects that will facilitate federal, state and local organization coordination, prioritization, and pursuit of grant and other funding to implement the projects. The intent of this effort is to increase collaboration on priorities for watershed improvement, and improve the El Dorado Water Agency's and El Dorado County's success in advancing priorities important to successful implementation of the County General Plan.

Watershed Projects Form

* Required

Specific Project Information

Project name *

Your answer _____

Description of project area

Your answer _____

Project summary

Your answer _____

Treatment type(s)

Your answer _____

Total acres

Your answer _____

Is this a new project or an update to an existing project? *

- New project
- Update to an existing project

Is there a link to project information/details? If yes, please enter link(s) below

Your answer _____

Location (address or cross street, if available)

Your answer _____

Location (latitude/longitude in decimal degrees, if available)

Your answer _____

Is a project location map available? If yes, please email a PDF to watershedprojectsform@gmail.com.

- Yes
- No

Are GIS shapefiles available? If yes, please provide contact information to obtain GIS data.

Your answer _____

Estimated project cost

Your answer _____

Is funding secured/committed to-date?

- Yes
- No

General Project Information

What is the anticipated start date and duration for planning the project?

Date

mm/dd/yyyy

What is the anticipated start date and duration for implementing the project?

Date

mm/dd/yyyy

Is the project part of an existing plan or project list? (select all that apply)

- Capital Improvement Plan
- Drought Plan
- CABY
- Stormwater Management Plan
- Other:

Does this project have governmental designation for priority? If yes, please describe.

Your answer

Has CEQA/NEPA documentation been completed?

- Yes
- No
- Other:

What is the current stage of the project?

- Conceptual
- Designed
- Ready for implementation
- Other:

Will additional phases of work be needed to maintain this project?

- Yes
- No

Date of last update of project description, info, maps, etc.

Date

mm/dd/yyyy

Does this project qualify for state and/or federal funding opportunities? If yes, describe below.

Your answer

Is the responsible agency/organization interested in applying for grant funding for the project?

- Yes
- No
